

EMT Refresher Courses

The following refresher classes are being offered in partnership with Public Safety Training of South Jersey.

EMT Refresher A

NJ EMT's require 24 elective CEU credits, along with a 24-hour EMT Refresher to recertify their EMT credentials. This program is designed to satisfy the EMT Refresher component of the renewal for NJ Emergency Medical Technicians. The refresher program has been broken down into three sections: Airway, Trauma, and Medical. Refresher A provides a review of Airway management and a brief overview of the physiology of the airway. Each section is an 8-hour program that does not need to be completed as a set. Students are required to attend all three sections- A, B, and C in order to utilize these CEUs for their recertification. **Fee: \$125**
