

2024-2025 Dependent Verification Worksheet

Please read all instructions carefully

Verification of 2022 Income Information for Parent Tax Filers

Important Note: The instructions below apply to each parent included in the household. Notify the financial aid office if the parents filed separate IRS income tax returns for 2022 or had a change in marital status after December 31, 2022.

Instructions: Complete this section if the parents filed or will file a 2022 IRS income tax return(s). As part of federal student aid eligibility, parents will be required to consent and approve sharing and importing income and tax information from the IRS to the FAFSA form, even if the attempt to obtain or use such data is ineffective. In other words, if the parents filed separate 2022 IRS income tax returns, both must provide consent and approval to share and import income and tax information from the IRS. In most cases, no further documentation is needed to verify 2022 income information that was transferred into the student's FAFSA using income and tax information directly from the IRS.

If 2022 income tax return information for the parents was not available or could not be used, the parents should provide the institution with a **2022 IRS Tax Return Transcript(s) or a signed copy of the 2022 income tax return and applicable schedules.**
